We have developed a complete brand logo and brand guideline for Chhuya Frozen Foods, ensuring a strong, consistent, and recognizable brand identity. The logo design reflects the brand's core values of freshness, quality, and trust, while maintaining a clean and modern look that stands out in the frozen food category. The visual elements are designed to be versatile, making the logo effective across packaging, digital platforms, retail branding, and promotional materials. Along with the logo, we created a comprehensive brand guideline to maintain consistency in all brand communications. The guideline includes clear instructions on logo usage, color palette, typography, spacing, background applications, and do's & don'ts, ensuring the brand is represented accurately across every touchpoint.

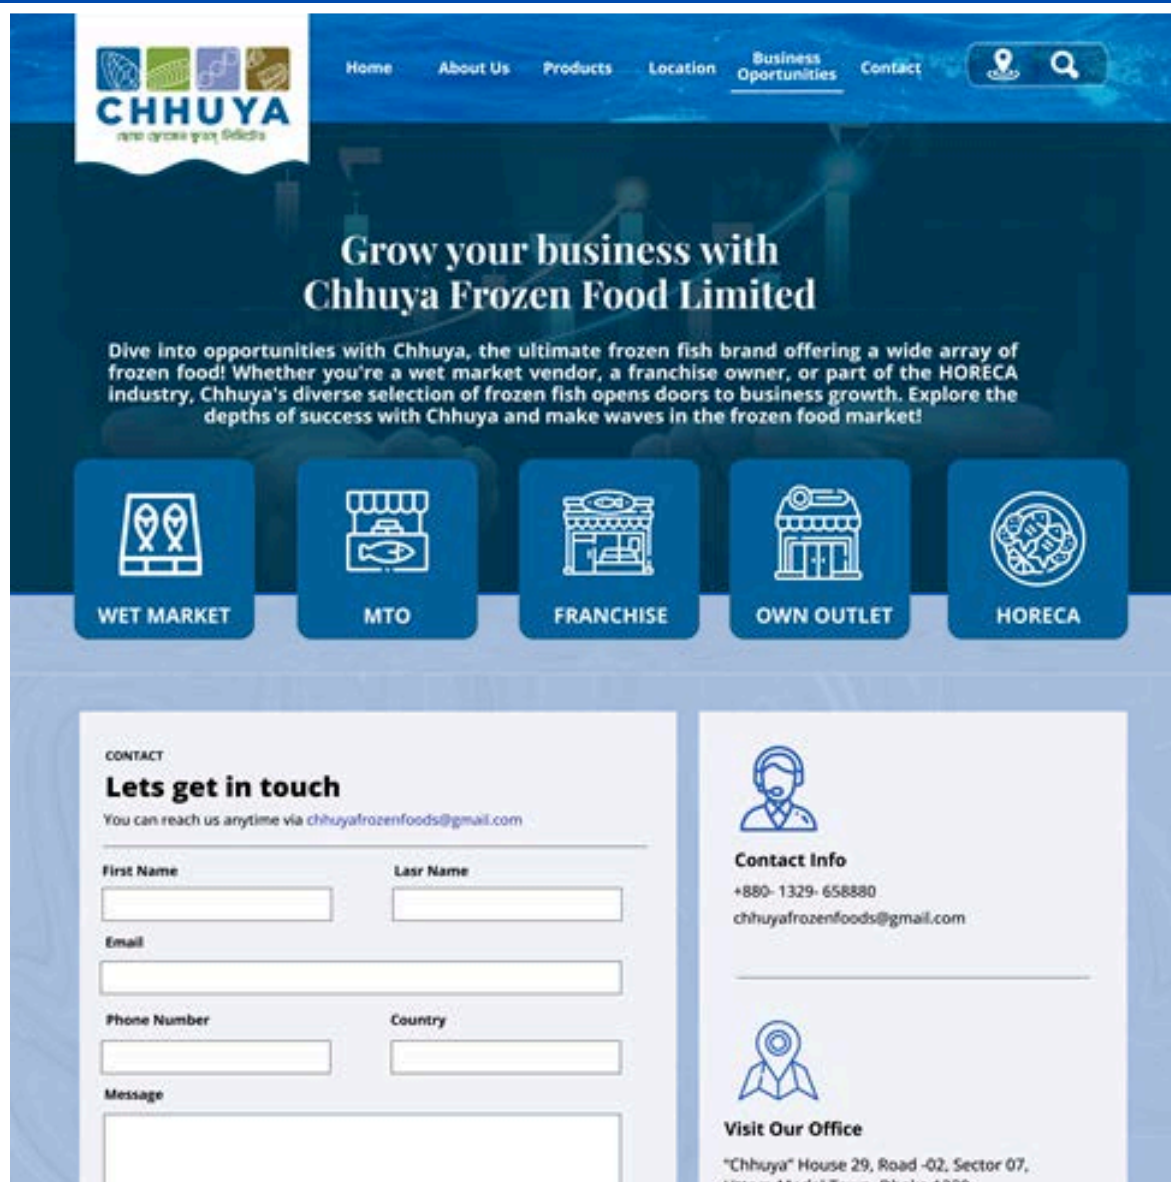

CHHUYA PACKAGING

We have developed a complete brand logo and brand guideline for Chhuya Frozen Foods, ensuring a strong, consistent, and recognizable brand identity.

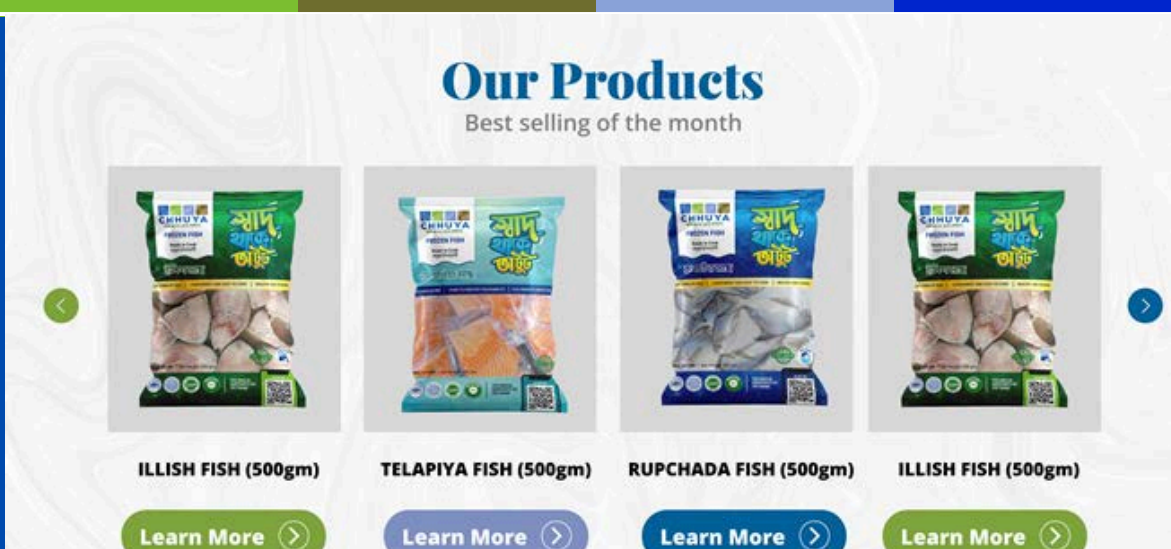

The logo design reflects the brand's core values of freshness, quality, and trust, while maintaining a clean and modern look that stands out in the frozen food category. The visual elements are designed to be versatile, making the logo effective across packaging, digital platforms, retail branding, and promotional materials. Along with the logo, we created a comprehensive brand guideline to maintain consistency in all brand communications. The guideline includes clear instructions on logo usage, color palette, typography, spacing, background applications, and do's & don'ts, ensuring the brand is represented accurately across every touchpoint.

This brand system helps Chhuya Frozen Foods build strong visual recognition, communicate reliability, and establish a professional presence in a competitive market, while allowing flexibility for future brand growth.

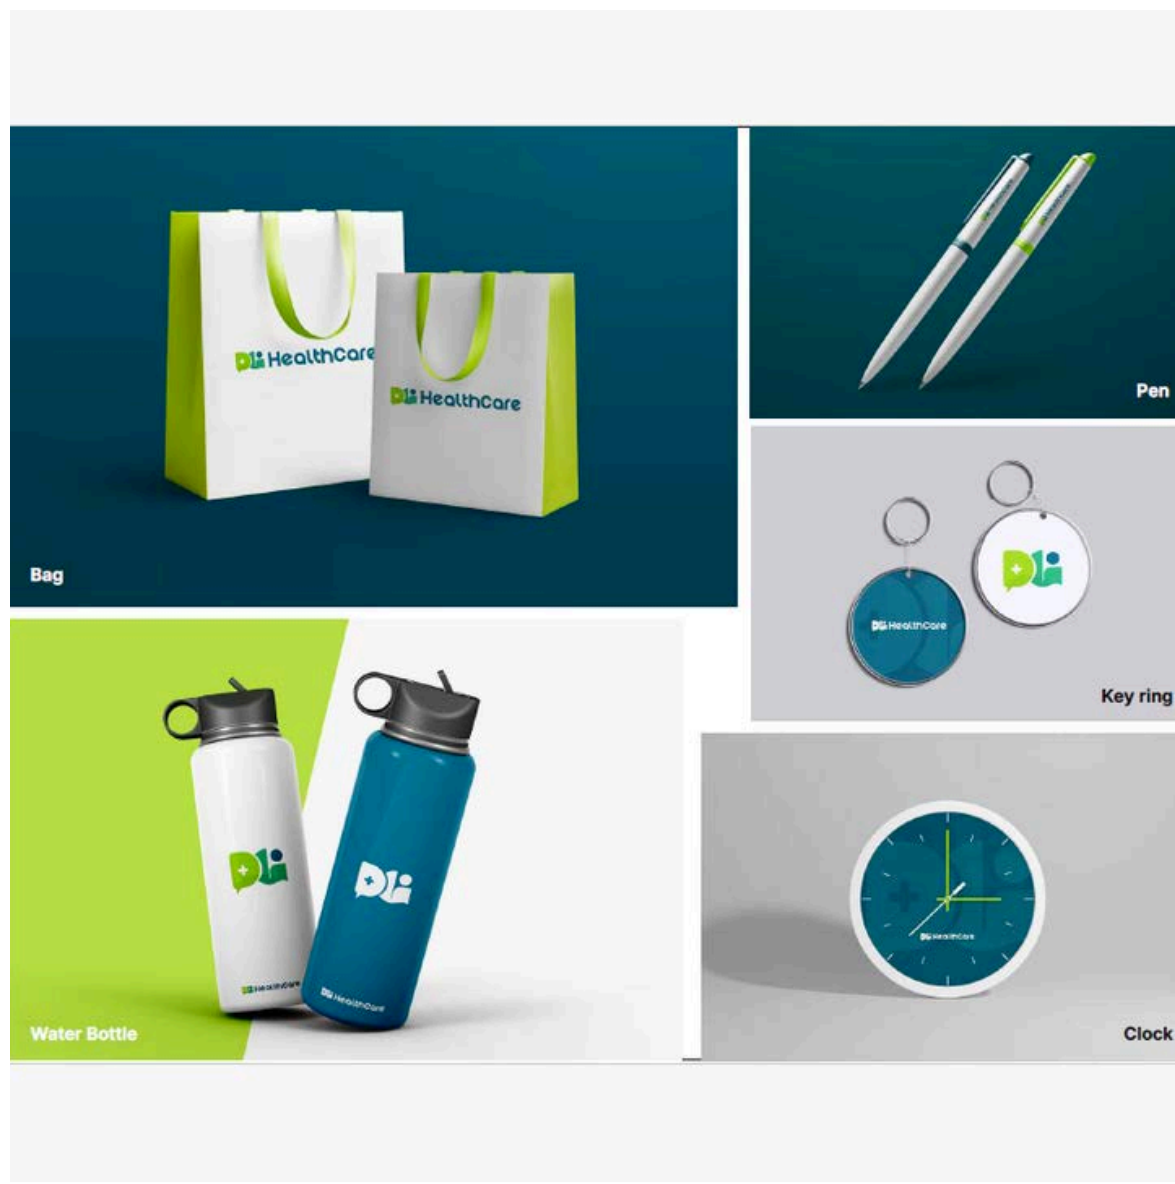

CHHUYA WEBSITE

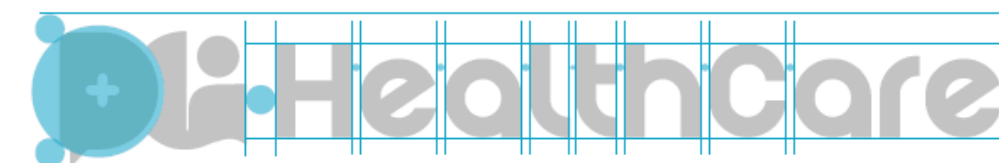

We have developed the official website for Chhuya Frozen Foods, designed to reflect the brand's values of freshness, quality, and trust. The website features a clean and user-friendly layout that clearly showcases the product range, key product information, and brand story. It follows the established brand guidelines to ensure visual consistency across all digital touchpoints. With responsive design and smooth navigation, the website helps create strong brand presence, builds customer confidence, and increases overall brand awareness.

BRAND GUIDELINE DG HEALTHCARE

Roebuck Communications partnered with DG Healthcare to build a complete brand identity system. From crafting the core logo and its usage guidelines to developing a unified brand strategy, we ensured the brand stands out with clarity and consistency. Our team designed the full visual language including color palette, typography, graphic elements, and application across stationery and brand assets. This comprehensive brand guideline lays the foundation for DG Healthcare's strong, professional, and trustworthy presence across all platforms.

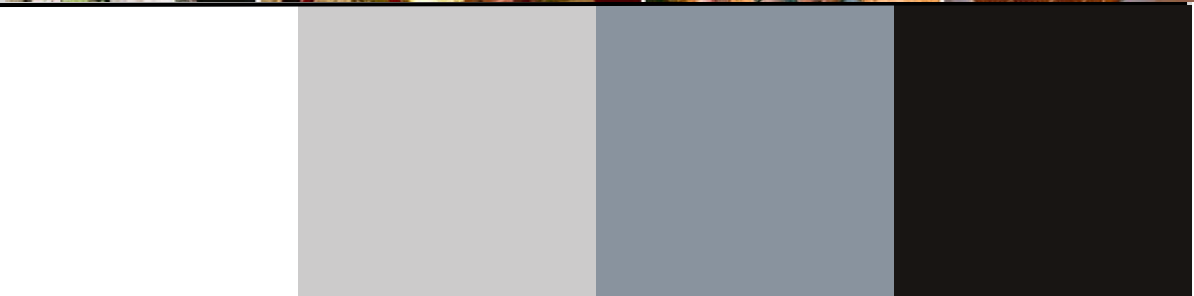

Communication materials should always use the full colour logo where possible.

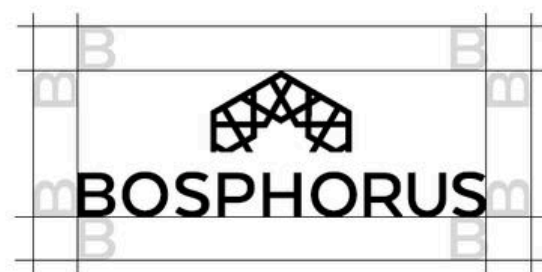

In cases where the Mark is getting lost against the background, the white version can be used.

Protected Zone

To maintain the integrity and visual impact of the Bosphorus logo, a protected zone must be observed around it at all times. This clear space ensures the logo remains legible, prominent, and free from visual clutter when placed on images, within content, or alongside other logos. The minimum safe space is defined by the height of the uppercase "B" from the Bosphorus wordmark. No text, graphics, or other elements should enter this zone. This guideline applies to both print and digital usage, helping the logo breathe and retain its elegance across all brand touchpoints.

Handwritten Typography

A flowing, connected signature-style version of the wordmark. This logo introduces a sense of playfulness and fluidity. It's perfect for storytelling, new product drops, lifestyle content, and moments where the brand wants to express warmth and creativity.

BOSPHORUS BRAND GUIDELINE

Roebuck Communications collaborated with Bosphorus to craft a distinctive and modern brand identity for the online-first clothing label. From shaping the core logo and defining its usage rules to building a cohesive visual language, we developed a full brand guideline that reflects Bosphorus' contemporary fashion ethos. Our work included creating the color system, typography standards, graphic elements, and branded applications tailored for digital retail. This comprehensive guideline equips Bosphorus with a strong, stylish, and scalable identity across all online and offline touchpoints.

UBER LAUNCHING OVC

The campaign aimed to introduce Uber to a smartphone using mass audience unfamiliar with the brand. Recognizing concerns around security and trust, Roebuck addressed the gap between Uber and the community by positioning it as an urban "friend" rather than just a service.

FOODPANDA WORLD CUP CAMPAIGN

During the Cricket World Cup 2019, the excitement in Bangladesh was at its peak. Foodpanda brought irresistible offers to the table, joined by their new brand ambassador, the one and only, Tamim Iqbal.

BPLE TEAM SYLHET SIXER

Sylhet Sixers entered BPL 2017 as a brand built from the ground up. The challenge wasn't visibility, it was identity. While other teams leaned into aggression, we chose a smarter route. We shaped the Sixers around the true values of cricket: sportsmanship, class, and respect for the game. Every touchpoint reflected that mindset, positioning Sylhet Sixers as a team that didn't just play cricket, but represented its spirit.

MEENA BAZAR MOTHER'S DAY CAMPAIGN

The taste of a mother's cooking is unmatched in every child's eyes. This Mother's Day, we aimed to celebrate this special bond with a heartfelt message: "Mother, I love you, and your cooking is incomparable." To honour this unique relationship, we conducted a social experiment, highlighting the warmth and affection shared between a mother and child.

ALVI JEWELLERS GOLD FOR GOLDEN MOMENTS

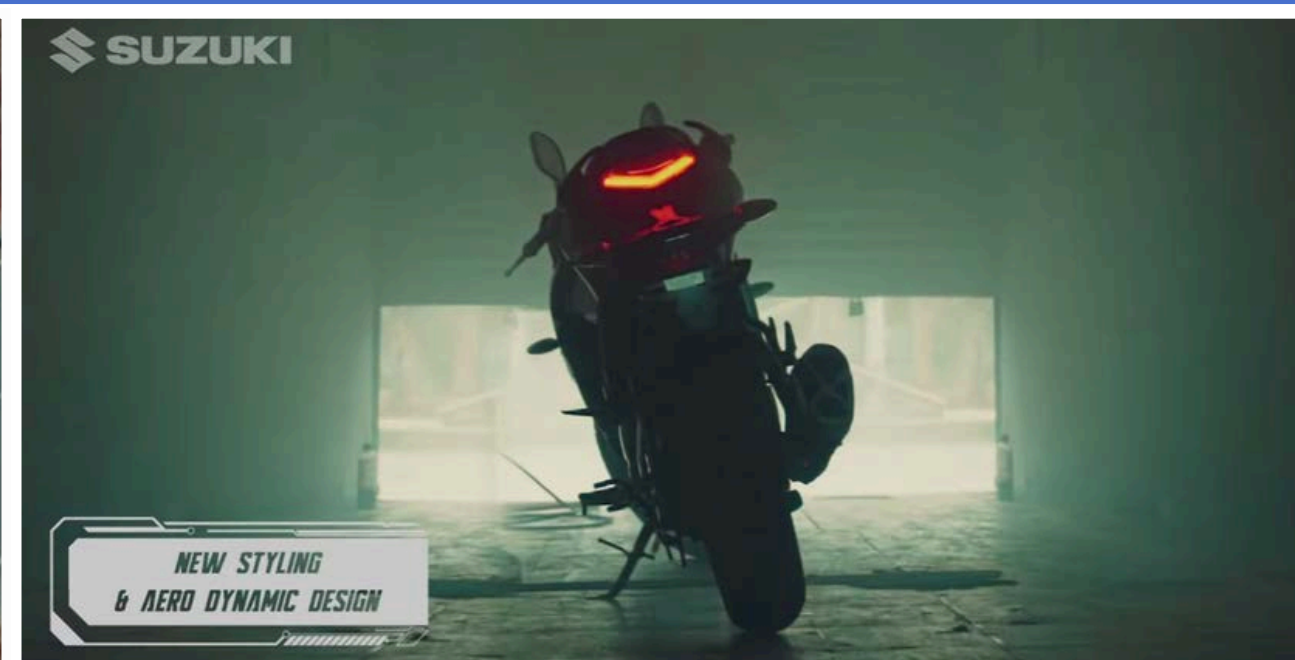

Alvi Jewellers recognized the social challenges that women often face during arranged marriages in our traditional culture. The campaign aimed to shed light on these issues and inspire viewers to embrace the joy of new beginnings.

SUZUKI GIXXER & GIXXER SF BORN OF GREATNESS

This OVC followed the parallel journeys of Shakib and Rakib, each chasing greatness in their own way. Through their stories, we showed how their motorcycles acted as trusted companions symbolising the patience, hard work, and passion required to move forward and achieve more.

SUZUKI ROAD SAFETY CAMPAIGN

Bangladeshis are known for ignoring road safety issues altogether and driving on. This in turn leads to them creating it into a habit. Our concept is to showcase these bad habits as “experiences” and how they keep on implying them since it has worked for them so far. This eventually leads to them suffering fatal accidents.

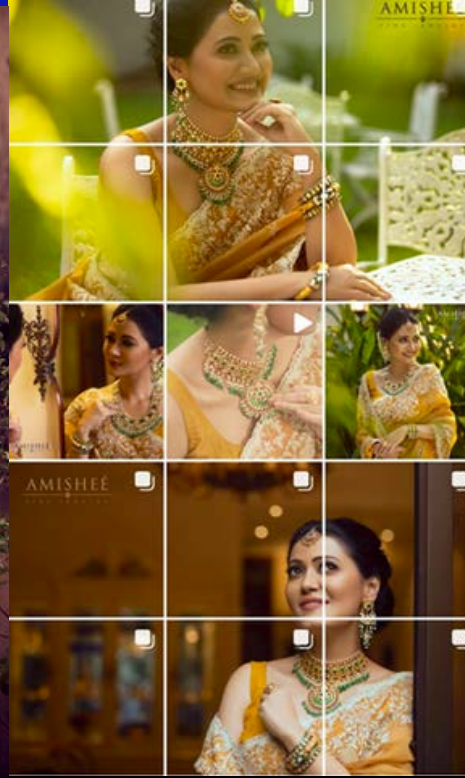

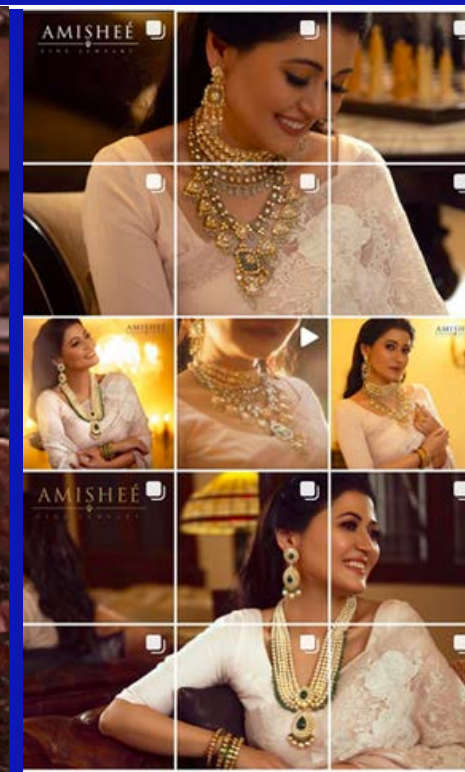

KLUBHAUS SYLHET LAUNCH

Klubhaus, a fashion brand with multiple flagship stores in Dhaka, aimed to expand into Sylhet. Roebuck was tasked with delivering a fully integrated marketing experience, from targeted digital communications to key event activations. The result was a successful launch for Klubhaus's new Sylhet store, creating a strong presence in the new market.

AMISHEE JEWELS OF JOY

Jewels of Joy was a wedding campaign that featured the elegant and radiant bride, Fawzia Afrin. The stunning photo shoot beautifully highlighted Amisheé's exquisite blend of gold, polki, and pearl jewelry, embodying minimalistic yet timeless bridal charm.

KLUBHAUS KLUB SESSIONS

"Klub Sessions" was created by Klubhaus with a vision to promote young artists in the Bangladeshi music industry. As a brand, Klubhaus is committed to the arts and wants to help bring forth the unique talents that are hidden within our country. All of the artists are sporting Klubhaus clothing that matches their tastes and our style, available at our outlets.

MIGHTY CHIPS DIGITAL CONTENT SHOOT

Mighty Chips, a collaboration between Roebuck and Ispahani Group, has launched the "Digital Content with Shanto" campaign featuring Bangladeshi cricketer Nazmul Hossain Shanto. This initiative aims to engage audiences through various digital content formats, including "What's in the Box," the most web-searched questions about Shanto, live commentary, and reaction videos. By leveraging Shanto's popularity, the campaign seeks to create interactive and entertaining experiences for fans, enhancing brand engagement and visibility for Mighty Chips.

MIGHTY CHIPS 'EIDER GOLPO' CAMPAIGN

Roebuck and Ispahani Group launched the Mighty Chips “Eid er Golpo” campaign with a series of stories aimed at fostering a positive mindset during Eid celebrations. Eid-ul-Adha often sparks discussions about sacrificial animals, which can unintentionally lead to comparisons among children, fostering feelings of arrogance or inferiority. Our campaign focused on the true meaning of Eid and the significance of sacrifice, using four stories to promote understanding, unity, and the joy of sharing. By instilling values of empathy, kindness, and positivity from a young age, we aimed to help children connect emotionally with Mighty Chips while embracing the true essence of Eid.

MIGHTY CHIPS 'EIDER GOLPO- SEASON 2' CAMPAIGN

Eider Golpo is a collaboration between Roebuck and Ispahani Group to educate young audiences (aged 8-15) about the true spirit of Eid-ul-Adha. The first season (2023) focused on the significance of animal sacrifice during Eid. In the second season, we shifted the focus to the importance of sharing with those in need. The campaign encourages empathy, kindness, and the essence of Eid, fostering a positive mindset and an emotional connection with Mighty Chips, helping young audiences develop empathy from an early age.

MIGHTY CHIPS MENTAL HEALTH CAMPAIGN

On Mental Health Day, Mighty Chips, in partnership with Roebuck, conducted a school activation across two schools in Dhaka to raise awareness about bullying and promote mental well-being. Psychologist Mithila Khondokar led interactive sessions, engaging students in discussions and activities on recognizing bullying, coping strategies, and fostering a supportive school environment. In addition, Roebuck created a series of social media content around the topic, sparking conversations online and encouraging the wider community to engage in meaningful discussions about bullying. The campaign successfully drove awareness, inspired positive behavior among students, and reinforced Mighty Chips' commitment to social responsibility and child well-being.

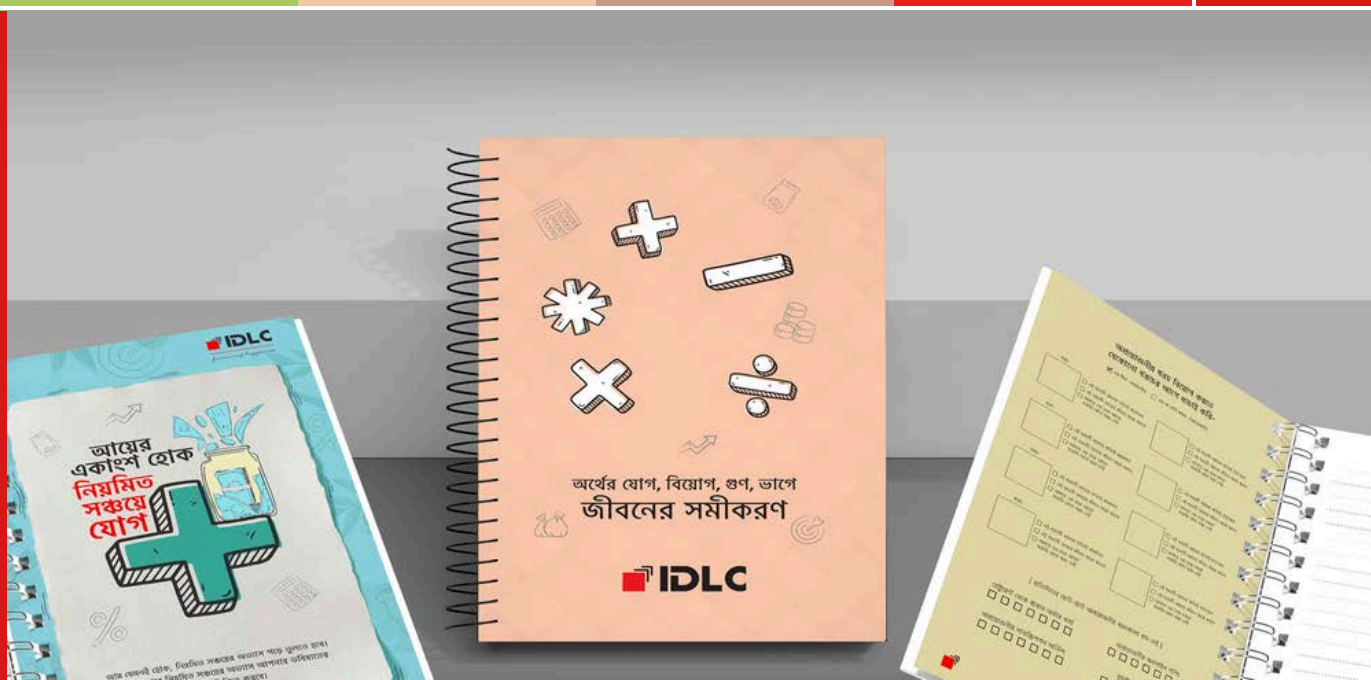

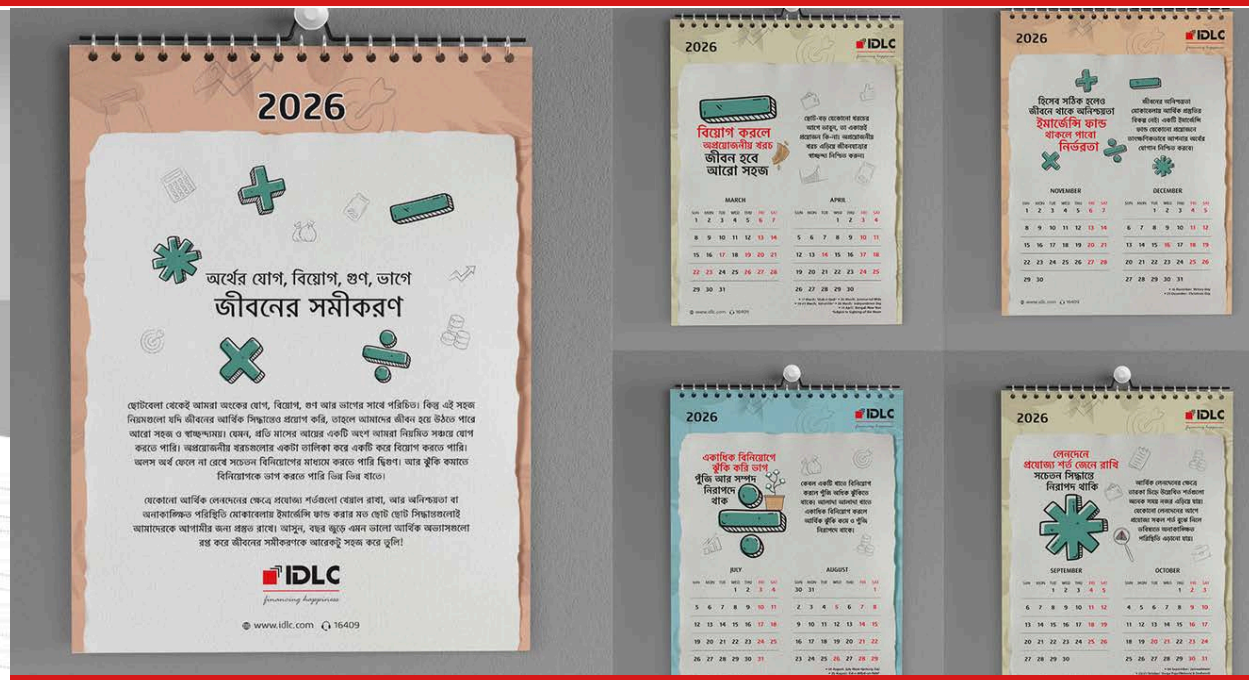

IDLC YEAR CALENDAR 2026

We have created the IDLC Finance Calendar 2026 with a unique and meaningful theme inspired by life's basic calculations—যোগ (addition), বিয়োগ (subtraction), গুণ (multiplication), and ভাগ (division).

Through this theme, we have connected everyday financial decisions with the idea of financial happiness, showing how smart choices can add value, reduce stress, multiply opportunities, and distribute resources wisely.

The calendar aims to create financial awareness in a simple, relatable, and engaging way, helping people understand that balanced financial planning is the key equation to a happier life.

We have developed the logo and packaging design for Oskies Pet Food, creating a vibrant and appealing brand identity that resonates with pet owners.

The logo reflects the brand's values of care, nutrition, and happiness for pets, with a friendly and memorable design that stands out on shelves.

The packaging design combines eye-catching visuals, clear product information, and consistent brand elements to attract customers and communicate trust and quality. This cohesive design system ensures strong brand recognition and a professional, approachable presence in the pet food market.

IDLC PRESS AND BILLBOARD

We designed the press materials for IDLC in celebration of SME Day, ensuring effective communication of IDLC's commitment to supporting small and medium enterprises. Additionally, we created branch opening press designs for locations outside Dhaka, highlighting key messages and positioning IDLC as a trusted partner for business growth. We also developed a Roman Road billboard for IDLC Brand Focus, placed in Gulshan 1, designed to grab attention with strong visuals and concise messaging. The billboard reinforces IDLC's brand presence, conveys reliability, and encourages engagement with SME services.

Together, these materials provided a cohesive brand experience across print and outdoor media, generating visibility, awareness, and excitement around both the branch opening and IDLC's SME offerings.

RECYCLED FIBERS

This catalogue serves as a comprehensive reference for clients, helping them make informed decisions while highlighting the brand's commitment to sustainable and high-quality recycled fibers.
